## DETAILED ACTION

- I. Claims 1-25 are pending.

### *Election/Restrictions*

- II. Restriction to one of the following inventions is required under 35 U.S.C. 121 and 372:

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1:

1. Claims 1-13, drawn to a compound having the formula: Ab-G-L-T wherein Ab is an antibody, G is an intact glycosyl linking group covalently joining Ab to L; L is a bond or a spacer moiety covalently joining G to T; and T is a toxin.
2. Claims 14-25, drawn to a compound having the formula: S-L-T wherein S is a nucleotide sugar, L is a bond or a spacer moiety covalently joining S to T; and T is a toxin moiety.

The inventions listed as Groups 1-2 do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons:

Leung et al (J Immunology 154: 5919-5926, 1995; PTO 1449) teaches a compound such as Ab -G-L-T wherein Ab is an antibody, G is an intact glycosyl linking group covalently joining Ab to L; L is a bond or a spacer moiety covalently joining G to T; and T is a toxin (see page 5922, Figure 2, schematic representation of antibody hMN-14N or fragment thereof Fab<sub>2</sub> having glycoysl linking groups covalently linked to H2N represent by chelator/drugs/toxin, in particular).

Since Applicant's inventions do not contribute a special technical feature when viewed over the prior art they do not have single general inventive concept and lack unity of invention.

- III. Accordingly, Groups 1-2 are not so linked as to form a single general inventive concept and restriction is proper.

- IV. Applicant is advised that the response to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed.
- V. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Phuong Huynh "NEON" whose telephone number is (571) 272-0846.
